Memory Makers

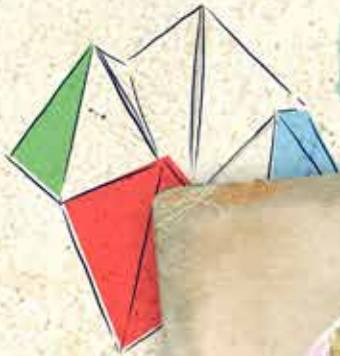

Conker

Conker's Conundrum

For ages 4+

Conker should be working hard in the Toy Factory,
but Lapland's silliest Elf has been creating a special
'Mischief Maker' for Small Folk!
See if you can be as silly as Conker!

He has not earned
his golden bell yet!

Pull the funniest
face you can!

Pretend to be
a husky dog!

He snoozes when
he should be working

Conker's Conundrum

How to

What you will need

Printer, scissors and your big folk

Print out the conundrum and follow the folding steps 1-12 below.
Make sure you have the printed side face down when you start folding. Once you have made your conundrum you are then ready to play.

Playing the game

Ask someone to pick a colour; red, green, blue or purple.
Open and close the conundrum in different directions whilst spelling the chosen colour.

Next, get them to pick from; Mischief, Silly, Joke or Funny.
Open and close the conundrum again, this time spelling out the chosen word.

Now ask them to pick your action... will they be silly like Conker? Would they like to hear a joke, or do something funny? Or do they want to cause some mischief?

Read their chosen task out loud.

You've made some mischief!

Conker will be proud!
